

EDUCATION

DevPoint Labs : Salt Lake City, UT

July 2016

- Gained proficiency in multiple languages and technologies by studying 60+ hours per week over 11 weeks
- Led team that designed and built web app, Snowbuddies, that won 2nd in code competition
- Ideated and built capstone project, someThere, in 3 weeks

PROJECTS:

- > someThere: developed using Ruby on Rails, ReactJS, Redux, Materialize, jQuery, and Ajax, and multiple APIs with a postgresql database. Hosted on Heroku. Matches users who are relocating with a neighborhood that will feel most like home in their new city.
- > Snowbuddies: Developed using Ruby on Rails, Paperclip, and Bootstrap. Helps skiers and snowboarders find friends to plan trips up the mountain.

Utah Valley University : Orem, UT

Class of 2014

- Bachelor of Arts in General History, GPA: 3.5

EXPERIENCE

Teaching Assitant
